

# Kansas Street Angle Parking

## Project Location:

West side of Kansas Street  
between Adams Avenue  
and Monroe Avenue

## Project Description:

Convert existing on-street  
parking to head-in parking.

## Head-in parking Analysis:

	Number of Spaces	
	Existing	Proposed
Adams to Madison:	29	34
Madison to Monroe	36	56
Total:	65	90

## Result:

25 Space gain with conversion  
to head-in parking

38% Increase in available parking
